

Overview:

MG380 Mold Cleaner is a powerful blend of solvents that when used on non-porous tooling surfaces will effectively remove waxes, grease, oils, and other surface contaminants. **MG380 Mold Cleaner** is highly recommended to clean brushes, rollers, and to flush spray equipment.

Direction for Use:

- Apply **MG380 Mold Cleaner** with a 100% cotton cloth.
- Liberally saturate the surface uniformly using a circular motion.
- While the surface is still wet, remove the Mold Cleaner with a clean cotton cloth or clean microfiber towel. Change towels frequently.
- Repeat as necessary until the mold surface is free of waxes or any other surface residues.
- Some molds may require compounding to remove extreme build up. Reapply MG380 Mold Cleaner after any compounding to remove any residue remaining on the mold surface.
- The mold surface is now ready for MG408 Sealer or any other Miracle Gloss™ Release Agent.

Precautions:

Keep away from heat, sparks, open flames, and hot surfaces. No Smoking. Ground or bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment. Avoid breathing vapors. Use only outdoors or in a well-ventilated area. Contaminated work clothing must not be allowed out of the workplace. Store in a well-ventilated location. Keep container tightly closed. Store locked up. Dispose of contents or container in accordance with applicable local regulations. **KEEP OUT OF REACH OF CHILDREN.**
